## AED-Akelius: reintegration ceremony for 50 students in 4 schools in Arafat (PHOTOS)

Sat, 07/10/2023 - 4:15 p.m.

The NGO Assistance–Education organized, Thursday October 5, 2023, an integration ceremony for 50 children including 27 girls in four basic schools (Touweirjena, Ahmed Zerough, Abba and Bakar) in the Moughataa of Arafat in the wilaya of Nouakchott –South.

These are students trained by the NGO AED center on the Akelius foundation system.

Speaking, the coordinator of the Akelius project with AED, Mr. Mohamed Sédinté Tounkara, in his presentation cited some of the objectives of the center: the recovery and reintegration of children who have dropped out of school or are not in school, providing training enabling them to a chance for children from vulnerable groups, to use the most recent educational techniques for better and rapid reintegration through the Akelius approach among others. And, he recalled, from April 2019, the opening date of the center, to October 2023, AED trained and integrated 434 students, including 236 girls.

Mr. Tounkara specified that teachers and management staff benefited from several ANA AQRA training sessions, including three remotely, between 2019 and 2021.

Continuing that the AED/Akelius Project is a relevant response to the educational needs in the areas where the center is located. AED, he said, actively contributes to child protection in the country.

Opening the ceremony, the president of the NGO AED, Ms. Fatimata Elimane Diallo, affirmed that the AED creates an indelible link between children, families and the school. We have deployed significant resources thanks to our partners to guide children to the cradle of knowledge which is school. Adding that this is why AED with its partners UNICEF and Akelius have been working for a long time to help Mauritania achieve the sustainable development goals concerning Education.

Before ending her remarks, she sent her warm thanks to UNICEF, the DREN of Nouakchott-Sud, IDEN, the teachers, the management staff, the coordination of the center and the parents of the students for their perfect collaboration.

School students and those from the AED center were honored during the ceremony. Along with their parents, more than twenty students received valuable prizes consisting of tools and school supplies to help them boost their knowledge and persevere in their studies.

The AED center also offered a batch of teaching materials and school supplies to the Touweirjena, Ahmed Zerough, Abba and Bakar schools.

“The management of AED intends to distribute prizes at every opportunity to encourage students and promote excellence in order to guide these children towards the path to success,” according to a manager of the center.

On the sidelines of the ceremony, the UNICEF Mauritania and Spain delegations took courses in the AED rooms.

As a reminder, the parents of the students sent their thanks to the management and staff of the AED Center for the services rendered to their children.
