📅 "Androkli Kostallari" 9-year-old school, Tirana.

During the mentoring visit within the Akelius project, we held a meeting with the coordinating teacher to evaluate the use of the digital platform in teaching. The teacher shared her positive experience with the use of Akelius in English language classes, emphasizing that the platform has helped to more actively involve students and increase interest in learning foreign languages. 💬🌐

💡 9-year-old school "Ardian Klosi", Tirana

The mentoring visit to the school "Ardian Klosi" focused on the exchange of experiences with the coordinating teacher on the integration of Akelius in daily teaching practices.

The platform is being used to develop interactive and student-focused classes, fostering the improvement of their English communication skills in an engaging and digital way. 👤💻

✿ 9-year-old school "The Congress of Manastir",
Tirana

During the visit to the school "The Congress of Manastir", the discussion with the coordinating teacher brought to attention the positive practices that are being implemented with the help of Akelius.

The use of the platform has brought new energy to the classroom, where students engage more dynamically, while teachers have modern tools to increase the quality of teaching. 🎧📖
